

Sealer for paper bags to sterilize

Code ZZC002

Equipment designed to guarantee a hermetic and secure seal for bags and thermoplastic material.

- Made of aluminium, with 4 rubber feet on the base.
- Easy to operate, just press and release. Manual cutting by sliding blade.
- Reduced power consumption because energy is only consumed when the sealing arm is pressed.
- Adjustable control with 8 levels to regulate the heating time in seconds according to the thickness of the material used.
- Red indicator light during the heating time
- Includes a spare blade, 2 PTFE sealing cloths and 2 heating elements.

Code	ZZC002
Sealing width	3 mm
Max. sealing length	300 mm
Max. plastic thickness	0.4 mm
Dimensions	440x85x245* mm
Power	550 W
Weight	3.50 kg

*Height with the sealing arm released
