

Heating Mantle with Regulation Series 655

Code JGD001, JGD002, JGD003, JGD004, JGD005, JGD006, JGD007, JGD008

Analogue, 655 series

- For distillation, digestion, evaporation, extraction and boiling.
- With electronic temperature regulation.
- The outer frame is made of furnace-painted steel. The inner vessel is thermally isolated with mineral fibre and the heating elements are composed of chromium-nickel.
- Include a connection light device and on/off lamp.
- Clamp for supporting rods included.

Code	Capacity (mL)	Ø int. (mm)	Consumption (W)	Dimensions (mm)
JGD001	50	55	70	160x200
JGD002	100	70	100	160x210
JGD003	250	90	150	160x195
JGD004	500	105	250	220x160
JGD005	1000	140	350	300x210
JGD006	2000	180	450	220x225
JGD007	3000	210	600	320x230
JGD008	5000	240	800	325x245
